

Outreach, Inc., is a Christian ministry in Indianapolis reaching out to homeless and at-risk young adults with the compassion of Christ in an environment of God's love. Outreach empowers youth to exit street life by providing:

- Street Outreach
- Youth Drop-in Center
- Social/Educational/Employment Services
- Crisis Intervention (24/7)

We are here to counsel and support the physical, emotional and spiritual needs, so that they can get on their feet and back into society. Outreach encourages youth to take personal responsibility for the consequences of their decisions, in an effort to help them make healthy choices. Outreach is committed to demonstrating Christ's unconditional love to youth involved in street activity. Therefore, we serve youth without regard to religious beliefs, race, ethnicity, sexual orientation, or handicap.

**Outreach, Inc. is hosting two trainings this year on working with oppositional defiance, and addictions in teenagers. These interactive trainings will be held at Post Road Christian Church located at 1112 North Post Road, Indianapolis, IN 46219.**

- May 5, 2009 – 10:00a to 4:00p - "Get Out of My Face" – working with oppositional defiance in teenagers: Anger in teens today is on the rise. During this interactive presentation we will review the signs of anger, review what might be the root causes of anger and discuss how to communicate with teens in a way that helps them get beyond and overcome anger. This training would be open to social workers, community volunteers and church leaders who work with teens and want a better understanding of root causes and a biblical response to anger.
- September 15, 2009 - 10:00a to 4:00p – "Dating Your Addiction" – focus on what is behind the rise of addictions in teens. Addictions come in many shapes and sizes these days, but the rise of addictions in the teen culture is staggering. Many are finding their addictions in the living room or medicine cabinets of their own homes. What is truly behind addiction and what can we offer today's teen culture that would guide them away from addictive behaviors? We will explore these topics and more in this interactive talk on addiction. This talk is open to social workers, community volunteers and church leaders who work with teens.
